

# Join us for our next session of the CHIPIG Professional Development Series

## **Consumer Health Libraries Gone Mobile**

Speaker:

Ronald MacPherson, BA, MLIS  
Electronic Services Librarian,  
University Health Network Library & Information Services

When: Wednesday, March 6th, 2013, 10:00 am - 12:00 pm.

Where: **Toronto Western Hospital**, Med-West Building,  
750 Dundas St. West, 3rd floor, Room #305, Classroom #5

Mobile technologies are becoming popular among healthcare professionals and health consumers. This presentation will introduce participants to mobile technologies and their uses in consumer health, including the emerging possibility of prescription apps. Participants will also receive practical tips on how to select mobile consumer health apps for their library users and be given examples of some apps that are currently available.

Mobile devices will be available at the presentation for the hands-on mobile apps demonstrations
